Subject: Regarding the county refuse the work with Federal to get rid of Criminals who are illegal aliens

To whom it may Concern,

Most of us immigrants came to US with our dreams because this is a wonderful country and we can work hard to help to make it stronger, safer and more wonderful. When the Santa Clara county decided not to work with Federal government to bring justice to the people, I was very angry. Our local elected officials are corrupted because they do not care about being right or wrong anymore. You do not stand firm and be brave to shout out loud that we want to fight for justice against evil. To protect evil, you are scarifying majority of good working residents' hope in building a good safe community for our children and families. You are being dragged with your noses by the socialists to believe in protecting these criminals who are also illegal immigrants are more important than assuring our community that we can fight evils, crimes, and corruptions. You are holding the power so you should be more responsible to make the right decision that is not to choose to stand with the evil side and fight against our own nation interest.

Hope you will make the right decision to help get rid of these criminals (domestic or foreign) and help us to build a safer community!

Sincerely,
